U. S. Air Force Band To Play For Students

The United States Air Force Band will play a matinee (3:00 P.M.) and an evening concert (8:00 P.M.) Sept. 12 in the Health and P.E. Building for the students of NWMSC.

Organized in June, 1942, the band has, in a brief 18 years, achieved a position unique in musical circles, and has captured the fancy and the imagination of music lovers of four continents.

Band Is Versatile

The versatile band can resolve itself into—a 100-piece marching band, a 90-piece symphony orchestra, an 85-piece symphonic band, 25-voice glee club (the "Singing Sergeants"), 5 dance bands, (including the "Airmen of Note" and the "Jumping Jacks")—and numerous chamber and instrumental groups, including "Strolling Strings."

The band performs any given type of music with the highest professional standard and presents programs that are designed to satisfy every appetite from "opera" to "be-bop," from "symphony" to "swing."

Its membership has been hand-picked as the result of auditioning more than 1,400 professional musicians. These men were selected from a wide variety of musical organizations ranging from the Philadelphia Orchestra to the Honolulu Symphony; from the Tommy Dorsey dance band to the Arthur Pryor concert band.

Collectively, they are former members of 20 different symphony orchestras and 16 "name" dance bands.

Travels Widely

Probably the world's most widely traveled musical organization, this colorful band has presented its internationally acclaimed art in North America, South America, Europe, Africa and Asia. It has played for approximately 20,000,000 people.

The United States Air Force Band has the distinction of being the only American band privileged to play for the Royal Garden Party at Buckingham Palace. On January 8, 1954, Mr. Leopold Stokowski presented the band with his personal band library.

Here is a musical organization, young in years, but old in achievements, with an unsurpassed record of accomplishment that truly merits its being called "A Symphony In The Sky."

Registration Required For All Student Cars

Students, are your cars registered?

Any student operating an automobile on the campus must register the car, secure a tag showing registration which must be displayed on the rear window, and park his car in the designated area. The registration fee is \$1.00 per semester, to be paid in the Business Office.

A student using his parents' car only the weekends should not register the car. The designated parking areas will be reserved only from 8:00 a.m. Monday until 4:00 p.m. Friday.

According to Mr. Blecher, road blocks will be set up in order to obtain the student's name and the license number on the car. Any student who does not obtain a permit for his car will be fined.

Funds collected from the registration fees and by the Student Court for traffic violations will be used to improve parking facilities on the campus.

Teaching Plan Looks Forward

Student teaching here at NWMSC is rapidly expanding. This semester 124 students and cooperating teachers are engaged in this program. Dr. Charles Thate reports that the education department has placed student teachers in ten school districts.

At the present time, student teachers can earn five, eight or ten semester hours of credit.

New Semester Plan

Beginning in the fall of 1961, an improved program entitled the "Professional Semester Plan" will be introduced. This new plan allows the student to earn six hours of credit in the classroom and ten hours credit in actual student teaching.

This improved program begins with five weeks of classroom work in Education 106, 121 and 135. Following this orientation period, ten weeks of actual student teaching will be offered to the prospective teacher in his or her particular field.

To complete the program, a one-week seminar will be held to discuss the problems and results of the actual student teaching.

All students that plan to enroll in the student teaching program for the spring semester are to attend a meeting in the Horace Mann auditorium on October 13, at 4:00 p.m.

Dr. Charles Thate and Mr. Dady will be in charge.

Service Groups Sell Directory

Gamma Sigma Sigma, in cooperation with Alpha Phi Omega, has published a Student-Faculty Directory for this semester's enrollment. These directories are on sale for twenty-five cents each.

Sponsors of Gamma Sigma Gamma, service sorority, are Mrs. Dorothy Walker and Miss Barbara Palling.

Betty McCaig Is Back After Suffering Injury

Betty Jane McCaig, New Hampton, Missouri, is back on campus this week as she resumes her studies as a senior.

Miss McCaig, while learning to walk again last summer, fell and cracked a bone in her leg.

A backward glance at this girl's progress, however, will reveal that her rehabilitation has been nothing short of miraculous. Perhaps the greater part of this realization is the girl's own personal program of determination and grit.

Aid from APO

Alpha Phi Omega, young men's service club, helps Betty by carrying her up and down stairs, helping her operate the vehicle.

She also has a roommate's assistant for her "home away from home"—Residence Hall. Expenses for this program have been paid for by the State Rehabilitation Program.

Stricken by both bulbar and paralytic type polio in 1951, Miss McCaig suffered complete paralysis and was in an iron lung about four months.

Red Letter Day

Betty's "red letter" day came when she actually walked across the Bethany High School stage to receive her high school diploma in May, 1956.

After graduation, Betty hopes to go into some type of personnel work where she may help others who have not been as successful as she in the climb back to normal living.

"She is," as one of her faculty friends said, "so happy, so vibrant, that people drop in to see her all the time just to have their own morales lifted!"

Attention All Boys!

Hey boys! Are you between the age of 18 and 23? Do you know your Selective Service number, and have you (1) notified your own local board of a change of address on just a plain post card; (2) asked the registrar to forward a record verifying the fact that you are a full time student, and carrying the required academic hour load?

Students should depend upon themselves instead of relying upon their parents to keep the board informed as to their status. Local boards are waiting for the return of the current information questionnaire.

Mrs. Ethel Mock, clerk of Local Board 78 says: "If you receive an Order to Report for Induction, this might have been avoided had you kept the local board informed. It is difficult to establish a right to an appeal of classification after an order has been issued.

"On behalf of your own local board, wherever it may be, I call your attention to the above facts."

SCA Meets Tomorrow For Church Discussion

LIVINGSTON'S

Swim Season Being Planned

Under the able coaching of Mr. Guy Bensusan, the swimming team is starting its first year as an officially recognized varsity sport at NWMSC.

The team was on a trial basis last year when it established the first pool and varsity records. These records should be shattered this year now that the team has official sanction. Two varsity records have already been equaled in unofficial timings during the first week of practice.

Returning Members

Returning team members are: former co-captains Bob McCoy and Larry Karsten, Dennis Bean, James Halloran, Charles Sanders, Lloyd Nelson, and Jerry Poch. Upperclassmen Rick Kasperson and Sidney Gurtiza and freshmen James McCoy, Edward Atkins, Larry Arney, Roger Stickler, Calvin Grobe, Martin Fischer, James Simmons, and Tony Williams are the new turn-outs.

Some have great potential and may make the first team. Scott Marriott and Harold Gentry will take care of the diving facet of the team.

It is yet too early to set a meet schedule since the months November, December, and January will comprise the regular swim-meet season. However, it is known that the following schools are some of which the team will probably swim against this year: Baker University, Pittsburg State College, Creighton University, Wentworth Military Academy, Emporia State Teachers College, and Park College.

Hope for Added Interest

It is strongly hoped that other nearby colleges will organize their own swimming teams and thus establish swimming as a more popular varsity sport in Missouri.

Coach Bensusan, who is also the acting chairman of the humanities department, has experienced 11 years of teaching swimming, diving, life saving and water safety, and the coaching of age group teams. "I think the team will give the college a great deal of competitive excitement this year," he said.

Field Goal Beats Bearcats; Jewell President Kidnapped

The William Jewell Cardinals used a field goal in the final 2½ minutes of the game Saturday night to hand the Bearcats their first defeat of the season, 9-7.

The Bearcats TD came in the third quarter after a 63 yard drive.

Ken Sanders carried from the one yard line for the drive and Jack Lasley kicked the point to put the Cats ahead 7-6.

Jim Stephens of the Cards had scored from the three following the opening kick-off of the second half.

The Cats now stand 2-1 in non-conference play.

Plot Brews

Friday afternoon a strange group of people moved in on the campus of William Jewell College at Liberty, Missouri. This gang looked as though they had walked out of the scenes of T.V., "The Untouchables."

Actually it was a group of NWMSC students, who were pulling off quite a caper. They were kidnapping William Jewell's student body president.

The equipment used was a 1930 Buick, several out-dated

double breasted suits, and some children's toy guns.

The victim was then carried to Maryville where he spent a rather enjoyable weekend, for a kidnapped person. He even made sure his girlfriend was kidnapped, too. They attended the "Hobo Dance" as guests of the Sig Taus and then the game Saturday night.

Ransom Demanded

The ransom for the president was 250 students from William Jewell at the game. All went well. His ransom was paid, and he returned home unharmed and quite a hero on his campus.

The masterminds in this plot were Bob Lafferty and Paul Krokstrom. Aiding them were Mary Onken, Bob Chadwick, and Bob Severson.
